What to do after graduation

Choosing the right career to follow after high school days are over is a problem faced sooner or later by every girl in the senior class.

For many past graduates, telephone work has offered most of the things a girl looks for when seeking a place in the world: pleasant associates . . . clean, wholesome surroundings . . . high pay . . . regular increases and opportunities for advancement . . . paid vacations . . . the knowledge that the work itself is important and interesting.

There are opportunities in telephone work after graduation.

The telephone company is "a friendly place to work."
