

# Foreword

In 1917 a three-hundred and ten acre tract was purchased by the United States Government for the purpose of housing Navy Yard employees and their families who came as a result of increased activities due to World War I. Inspired by the heroic deeds of Admiral Sir Christopher Cradock of His Majesty's Navy, our government named the new town in his honor—CRADOCK.

This year, at the turn of the century, the staff of the 1950 "ADMIRAL", after a period of thirty-two years, welcomes Admiral Sir Christopher Cradock again to the school named for him.

# DEDICATION

It is with pride, respect, and admiration that we, the Seniors of the class of 1950, dedicate our "ADMIRAL" to Miss Elizabeth West, one of the most outstanding and understanding members of the faculty of Cradock High School.

To us, it seems right and fit to give to Miss West this dedication, for many of us are closer to her than the usual student-teacher relationship indicates.

We shall ever remember her helpful advice and interest. In deep appreciation of her work with the various organizations of our school, especially with the Student Cooperative Association, we, the Seniors, again point with pride to Miss Elizabeth West.
