The main objective of the sophomore class was to secure warm-up uniforms for the track team. Several ways were suggested as to how we should do this. The president appointed a ways and means committee to look after this. This committee sold drinks and candy at all home basketball games. A sophomore and freshman prom was also suggested. Each member of the class was asked to bring seventy-five cents for class dues. They also received a bid to the prom. The sophomore money was to help buy track uniforms. If any money was left over, it would be put in the treasury to benefit the sophomores when they become juniors.
